

# New Features In CUHK Lecture Hall

(YIA LT1/ CYT LT1)

# 4 New Features

LED Wall

Interactive  
Display Panel

Crowd Mic System

Ceiling Mic

# LED Wall

LED walls are known for their vibrant colors, high brightness, and flexibility, and they come in **various sizes** and **configurations** to meet different event requirements.

# Interactive Display Panel

Interactive display panel at an event enhances the experience for attendees. It can **display event information, live streams, visual presentations.**

# Crowd Mic System

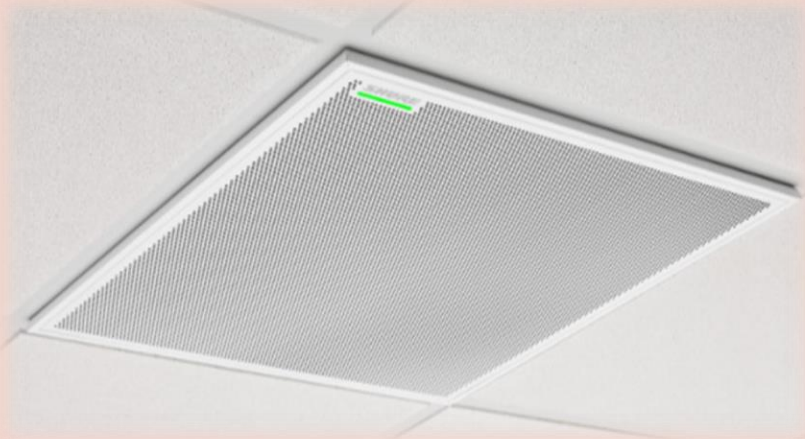

Crowd Mic turns **smartphones into microphones** for interactive conferences, providing convenience and flexibility.

# Ceiling Mic

Ceiling microphone captures sound from **all directions**, providing clear audio quality for online meeting, conference and event.
